

STOP LETTING ONE ROLE STEAL YOUR LIFE

BALANCE

THE CHOICE

Keep letting the loudest demand consume your time while health, relationships, rest, or purpose weaken—or inspect your roles, correct the weight, and make one visible change that restores control this week.

Move through the process in order. Use facts, not good intentions.

One neglected role. One overused role. One scheduled correction.

B BREAK DOWN YOUR ROLES

Name the parts of life you must carry.

Role 1 _____

Role 2 _____

Role 3 _____

Role 4 _____

Role 5 _____

Role 6 _____

Examples: health, work, marriage, fatherhood, faith, rest.

A ASSESS EACH AREA

Rate current attention from 1–10.

ROLE	SCORE	PROOF
_____		_____
_____		_____
_____		_____
_____		_____
_____		_____

Score behavior, not importance or intention.

L LOCATE THE NEGLECT

Choose the role that cannot keep waiting.

Neglected role: _____

What is weakening? _____

One visible action this week: _____

Avoid: "Do better." Use: action + duration + day.

A AUDIT THE OVERUSE

Find what is taking more than its share.

Oversized role or demand: _____

Observable pattern: _____

What is it crowding out? _____

Own the pattern. Do not blame the role or another person.

WEEKLY BALANCE COMMITMENT

I will feed: _____

I will restrain: _____

The calendar will prove it by: _____

Signature / initials _____

E EVALUATE THE EFFECT

Define what success will look like.

Observable result: _____

Evidence I followed through: _____

Measure what changed in time, behavior, output, or contact.

C CALENDAR THE CORRECTION

Turn both decisions into appointments.

Neglected-role action
Day _____ Time _____ Place _____

Boundary appointment
Day _____ Time _____ Rule _____

If it has no time, it is still only an idea.

N NAME THE BOUNDARY

Set a rule that can be seen and measured.

I will stop or limit: _____

Day or trigger: _____

Start / stop time: _____

What this protects: _____

Weak: "Work less." Strong: "No email after 7 p.m."

ACTION STEPS SUMMARY

1

MAP THE ROLES

List each major life area and score its current level of attention.

2

CHOOSE THE SHIFT

Feed one neglected role and restrain one area that has grown too large.

3

PROVE IT

Schedule one action and one boundary. Let the week reveal the correction.
