

SB24 | AUDIT YOUR ENVIRONMENT

ANCHOR

Choice

Keep living in spaces that feed drift, clutter, poor choices, and distraction. Or inspect the forge, remove one obstacle, add one support, and make the right action easier than the wrong one.

FILL EACH BOX WITH VISIBLE, SPECIFIC, CHANGEABLE ANSWERS

A

AUDIT

Audit the friction

List spaces, objects, apps, or signals that pull you off course.

- Avoid: "I get distracted."
- Works: "Phone beside bed leads to scrolling."

1. _____

2. _____

3. _____

N

NAME

Name the cost

Write what each friction costs in time, energy, action, or standards.

- Avoid: "It stresses me out."
- Works: "Costs me 30 minutes each night."

Cost one _____

Cost two _____

Cost three _____

C

CLEAR

Clear one obstacle

Choose one obstacle and remove it this week. Make the wrong action harder.

- Avoid: "Use my phone less."
- Works: "Charge phone in kitchen after 9 PM."

Obstacle _____

Removal _____

When _____

H

HOUSE

House the right tool

Place one support where the right action starts before resistance shows up.

- Avoid: "I will remember to train."
- Works: "Shoes and water by the door."

Goal _____

Tool or cue _____

Placement _____

O

ORDER

Order the digital forge

Set one rule for apps, feeds, alerts, screens, or digital access.

- Avoid: "Less screen time."
- Works: "No social apps before noon."

Trigger _____

Rule _____

Block or limit _____

R

REVIEW

Review the result

After 7 days, record proof. Keep what worked. Adjust what still pulls you back.

- Avoid: "It helped."
- Works: "Started work 20 minutes faster."

Change _____

Proof _____

Next adjustment _____

ACTION STEPS SUMMARY

1. Inspect the Surface

Find the 3 to 5 things in your home, work, and phone that create the most friction.

2. Remove the Drag

Take one obstacle out of your daily path.
Make the wrong action harder to start.

3. Set the Standard

Add one cue, tool, or reminder that makes the right action easier to repeat.
