FORGED worksheet

CHOICE

You can keep avoiding every hard moment and stay fragile when pressure arrives, or you can choose one safe discomfort and train yourself to stay steady inside it. This week is not punishment. It is proof built through action.

ACTION STEPS SUMMARY

1. Choose the Fire: Pick one safe discomfort that pushes your comfort zone and creates controlled pressure.
2. Stay in the Heat: Complete it daily for seven days without negotiation so discipline becomes practiced.
3. Become Unshaken: Track the change in your mind so discomfort loses control over your choices.

Final check: Did I choose a challenge that is safe, specific, repeatable, and uncomfortable enough to train me?
