

FRICITION AND ADJUSTMENT SHEET

Turn Compromise, Delay, Avoidance, or Overcarrying Into Structure

NAME THE FRICTION

Choice

Friction is evidence. Use it to find the weak point in the system, then make one clear adjustment.

Describe what happened without judgment. Name the cost. Find the missing structure. Choose the next visible action.

Date: _____

Role or Container: _____

1 WHAT HAPPENED

Describe the event without judgment.

Write the facts first. Meaning comes after clarity.

2 INTENTION AND ACTION

Compare what you meant to do with what happened.

What I intended: _____

What I actually did: _____

3 STORY AND PROTECTION

Find the inner story that was active.

What story was active? _____

What was I trying to protect? _____

4 WHERE FRICTION SHOWED UP

Check every area touched by the compromise.

- | | | |
|--|--------------------------------------|--|
| ☐ Rest | ☐ Restoration | ☐ Relief |
| ☐ Son | ☐ Partner | ☐ Publisher |
| ☐ Career | ☐ Friend | ☐ Driver |
| ☐ Self | ☐ Boundary | ☐ Calendar |
| ☐ Physical commitment | ☐ Avoidance | ☐ Overfunctioning |

5 COST AUDIT

Name what the friction consumed.

Time: _____

Energy: _____

Peace: _____

Connection: _____

Progress: _____

6 SERVICE TO AIM

Test the request, habit, or reaction against the aim.

What was this in service to? _____

Did it serve my aim? Yes / No

Why: _____

7 STRUCTURAL CAUSE

What part of the system was missing or weak?

- | | | |
|--|---|---|
| ☐ No protected time | ☐ No clear boundary | ☐ No review point |
| ☐ No recovery plan | ☐ No support requested | ☐ No clear next action |
| ☐ Too many open commitments | ☐ Relief uncontained | ☐ Rest compromised |

8 ADJUSTMENT PLAN

Turn the lesson into one visible change.

Adjustment needed: _____

New rule or boundary: _____

Next visible action within 24 hours: _____

What I Will Track Going Forward: _____

Closing Line: The lesson from this friction is: _____

1 Name the Event

Describe what happened without judgment.

2 Find the Weak Point

Identify the missing structure behind the friction.

3 Install the Adjustment

Choose one rule, one action, and one thing to track.
